Energy Efficiency in Industrial Processes

Injection Molding Machine

4 4 4 4 4 4 4 4 4 4 Auxiliary, Safety Functions

Solutions for

Hydraulic Fluid Supply

- Internal Gear Pumps (Series QXEH for Variable Speed Drive, Open Centre)
- Valves, System Solutions (Directional, Pressure, Flow-Control and Check Valve W/D/M/R, System Manifold Block)

Clamping Unit

- Internal Gear Units (Series QXM for Variable Speed Drives in 4-Quadrant Operation, Closed Centre)
- Valves, System Solutions (Directional, Pressure, Flow-Control and Check Valve W/D/M/R, System Manifold Block)
- Cylinders (Double Action Cylinder DDWD, Locking Cylinder DWF, Dosing Unit PFD)

Injector Pressing

- Internal Gear Units (Series QXM for Variable Speed Drives in 4-Quadrant Operation, Closed Centre)
- Hydraulic Valves (Directional, Pressure, Flow-Control and Check Valve W/D/M/R)

Auxiliary, Safety Functions

- Valves, System Solutions (Directional, Pressure, Flow-Control and Check Valve W/D/M/R, System Manifold Block)
